

The Knight Life

Week of January 23, 2023

Welcome to Catholic Schools Week!!

It's here! Catholic Schools Week!!

The faculty and staff have an awesome week planned, and it all begins on Sunday at 12:30 Mass. We hope you can join us as we celebrate our amazing Catholic school. At 1:45, we're opening our doors for our annual Open House and Book Fair. I am looking forward to seeing all of you on Sunday.

7th Grade Visitation Day

Sunday's Gospel Connection

Sunday's Gospel offers a contrast to many of the messages we hear in our society today. If we were to accept uncritically the "get ahead" messages of our culture, we would think that happiness means having money, being successful, having many possessions, and so on. When we think this way, we are not unlike the people who heard Jesus teach on the day that he taught the Beatitudes. The crowd that day also associated happiness with material possessions and status.

Talk as a family about what it means to be happy or to be blessed. Make a list of traits that you would associate with a happy person. Reflect on Jesus' description of happiness. Think about what each of the Beatitudes might have in common and write a family summary of the Beatitudes. Post the summary in a special place as a reminder of what your family will consider "true happiness."

School Store

Our online school store is up and running! It has some great spirit gear. We have some extra uniform jackets here in the office. Call Mrs. Sanft before placing an online order. We may have your size here! We are out of the YM size. The link to the school store is <https://saintalloysius.logoshop.com/>.

Frozen Rehearsal Schedule Broken Down by Cast Member

Pre-K4(A)

The students have been working on their teamwork skills in a STEM challenge. They worked with a partner to build a bridge so their bear could cross the river!

Pre-K4(B)

A snowy-Wednesday was the perfect day for Mrs. Shych's class to explore arctic animals! They learned about penguins and polar bears and their habitats. The macaroni penguin is a class favorite! Later, they played with icebergs at the sensory table!

7th Grade

After learning different aspects of the immune system, students in 7th grade created cardboard antigen and antibody pieces. By performing memory relay timed challenges, they simulated how memory cells affect the body's ability to prevent and combat infection.
