SUNDAY'S GOSPEL CONNECTION

Understanding today's Feast of Christ the King may be particularly challenging. While we may not have a direct experience of kings or royalty, we have some sense of what these mean. We know that royalty have sovereignty over their kingdom. We know that those who are subjects to royalty offer them allegiance and honor. Christ is King in a way that is different from traditional understandings of royalty. Christ's kingship extends to all places, all people, and all times. Christ manifests his kingship through his death on the Cross, in which he offers salvation to all.

Recall with your children stories that you may have read about royalty. Talk with your children about what they have learned from these stories about what it means to be a king. Talk about what they have learned from these stories about what it means to be a subject.
