

Dear Families,

Welcome to PreK 4! This is a special year in your child's education. Foremost, it's a year of learning about God's creation and his love for us.

Our curriculum boasts a great balance of play and direct instruction. We work in small groups as well as the whole class learning together. Through exploration and discovery we cover pre-reading skills such as letter recognition, sounds, rhyming, and number concepts. Many centers are open to choose from- art, blocks, dramatic play, manipulatives, trains, books, games and puzzles.

We will have two opportunities for you to bring your child to see the room, visit, and meet some friends. Half the class will come on Wednesday, Aug. 31 from 10-11:30 am and the rest on Thursday, Sept. 1 from 10-11:30 am. If you have a day preference, email me. I will send out the schedule in mid-August. It would be helpful to bring the items on the list at that time.

Please email me with any questions you may have.
